The Division has embarked on a new initiative to allow greater cost savings, and more selection for Technology Equipment for Frontier Employees.

In past years Employees have filled out our internal EPP - Employee Purchase Plan forms which, once approved by your respective Superintendent and Payroll were then passed along to Purchasing, and then payroll deductions were initiated, and payment in full was required at our fiscal year end of June 30th.

Our internal EPP has now come to a final conclusion.

The new external EPP - Employee Purchase Plan is in effect immediately, and employees will now be dealing directly with Dell.

As a member of Frontier School Division you will order directly from the Dell Website (www.dell.ca/home) using your own Credit Card. (This will no longer fall under Payroll Deduction).

Your Frontier School Division Member ID is: 5312362

The phone number for your Dell EPP Representative is: 877-297-6974.

The Frontier School Division Member ID is the same number for everyone, so you do not need to contact us to obtain an individual number.

Please keep all of your invoices and Correspondence with Dell as the Division will not have access to any of that information.
